

## Standard Five (5) Year Product Warranty

Maxim Industries, Inc. provides a warranty against material or manufacturing defects of the plastic glazing and aluminum frame for a period of five years from the date of shipment from Maxim Industries, Inc., Dallas, TX or Lake Worth, FL. This warranty covers skylights that have been installed in accordance with installation guidelines and/or product shop drawings. Any alterations or modifications to the glazing or frame, including removal of manufacturer labeling, will void this warranty. Installation that does not comply with Chapter 15 of the Florida Building Code will void this warranty.

The glazing (domes) is not covered against distortion or marring to the clarity or finish due to improper cleaning, over spray of any type of paint/coating/finish/texturing that may be applied to the building interior or exterior that is in close proximity to the skylight, caused by the removal of any foreign substance, or caused by any roof cleaning/anti fungus application\*. Cleaning of glazing with anything other than mild soap and water will void this warranty.

**\*Any type of cleaning performed on this roof, including removal of mold, mildew, fungus, or dirt, by pressure of any kind with water or chemical means will damage the domes and void any warranty.**

Warranty claims must include original distributor receipt, invoice or packing list that names Maxim Industries, Inc. or Maxim Skylights as the manufacturer. Upon receipt of a claim, Maxim Industries, Inc. will require a site inspection that may be carried out by a Maxim employee or a representative of Maxim. Maxim Industries, Inc. may repair or replace the skylight(s), or any components of the skylight(s), at their discretion. It is not the responsibility of Maxim Industries, Inc to permanently, or temporarily, secure any skylight(s). Time or materials associated with the permanent, or temporary, securing of the skylight(s) not performed by a Maxim employee or a representative of Maxim will not be covered under this warranty. Any consequence to structure or property associated with a skylight(s) covered under this warranty will not be included.

**WARNING: SKYLIGHTS MAY NOT SUPPORT LIVE LOADS!** While these skylights have passed testing for large & small missile impact and 180 psf. positive pressure testing they are not intended for any live load! Do not stand, sit, lean, or rest on any part of the skylight.
